Sherman Hospital Awarded 2011 Silver Award for “Progress toward Excellence” from Illinois Performance Excellence

Naperville, IL (December 1, 2011) - Illinois Performance Excellence announces Sherman Hospital is a recipient of the 2011 Silver Award for “Progress toward Excellence” for demonstrating sound and notable continuous improvement principles. Sherman Hospital will be formally honored at the 17th annual award recognition ceremony, “Saluting Excellence,” on January 20, 2012, held at the Tellabs’ offices in Naperville.

“Congratulations to Sherman Hospital and all of its employees for its progress to an on-going journey to excellence,” says Darcy Davidsmeyer, President and CEO of Illinois Performance Excellence. “Health care delivery systems face numerous challenges in achieving patient care and safety. Addressing organizational performance and process/resource alignment is the best way to get efficiencies, focus and sustainability within any organization.”

Recipients of the ILPEX Silver Award for “Progress toward Excellence” go to those organizations which have demonstrated effective, systematic well-deployed approaches that respond to the overall requirements of most items in the Baldrige Criteria for Performance Excellence and are aligned with organizational needs which lead to sound and notable continuous improvement toward excellence.

For over 120 years, Sherman Health has served Illinois’s greater Fox Valley Region’s healthcare needs as a leader in quality care. Since opening its new hospital and Randall and Big Timber Roads in December 2009, Sherman has obtained certification as a NAPBC Accredited Breast Center, a Primary Stroke Center and an accredited Chest Pain Center. Sherman’s Center for Advanced Liver and Pancreatic Care offers progressive procedures and techniques to treat a broad range of liver and pancreatic cancers and diseases, traditionally only available at major academic medical centers.
