## **Illinois Performance Excellence announces four recipients of its 2015 Awards for Excellence**

**(Revised 12-23-15) Peoria, Ill. – Dec. 14, 2015** – Illinois Performance Excellence (ILPEX) today announced that four organizations were selected by its panel of judges as the 2015 recipients of the ILPEX Awards for Excellence. ILPEX is Illinois' only statewide program patterned on the Malcolm Baldrige National Quality Award, which is managed by the U.S. Department of Commerce National Institute of Standards and Technology.

This annual award recognizes organizations in the state of Illinois as leaders contributing to the principles of excellence that lead to growing our state's economy and competitiveness. Organizations that pursue the Baldrige framework can demonstrate through the ILPEX awards process that they have adopted proven performance practices, principles and strategies that nurture excellence in all aspects of an organization – from strategy and leadership to customer relations to workforce development. The ILPEX Awards for Excellence recognizes recipients that meet three levels of performance criteria.

"This year's recipients of the ILPEX Awards for Excellence have demonstrated an unwavering commitment to improving performance in all facets of their organizations," said David Boulay, Executive Director of Illinois Performance Excellence. "They are outstanding examples of organizations that understand the impact and benefits of a shared vision and alignment of processes for efficiency, focus and sustained performance. They serve as role models for others to follow as they seek to achieve best in class levels of performance."

One organization was awarded the 2015 ILPEX Silver Award for "Progress toward Excellence," which demonstrates sound and notable continuous improvement processes. They are:
